CHARLES SCOTT
Pineapple Express + Master Kush

DESCRIPTION:

Pineapple Kush is the bomb, blending that sativa power with the OG Kush vibe. They hooked up Pineapple Express with OG Kush to create this masterpiece. It's all about that tropical flavor that'll have you feelin' like you're chillin' on a beach. And let me tell you, the high sticks around for a minute, keepin' your head in the clouds. Just like the name says, it's all sweet and fruity with a touch of spicy woodiness. And when you catch a whiff, it's like gettin' hit with a mix of earthy, herbal, and citrus notes, topped off with that juicy pineapple scent. Pure bliss, my friend.
