JUNGLE BOYS
Green Crack + Triangle Kush

DESCRIPTION:

Check it out, y'all! Florida Sunrise pops up like a boss, mixin' that sativa dominance with some killer hybrid vibes. Known for its sick flavor lineup and those tropical fruit vibes that'll have you feelin' like you're sippin' on a smoothie. This strain ain't playin' when it comes to sensory overload. It all started when Green Crack and Triangle Kush got together and had a wild night, then Jungle Boys seed bank came through with the backcrossing magic. Pure fire, straight up.
